

EXAMPLE OF ABSTRACT

Ductal Lavage for Breast Cancer Risk Assessment

Lisa A. Newman¹, MD, MPH, FACS, Cassann Blake², MD

¹ Department of Surgery, University of Michigan Comprehensive Cancer Center, Ann Arbor, Michigan. ² Barbara Ann Karmanos Cancer Institute and Wayne State University, Detroit, Michigan

Background: Effective chemoprevention is available for breast cancer, but it is associated with the potential for life threatening adverse events.....

Methods: The literature was reviewed to assess the strength of the association between atypical hyperplasia and breast cancer.....

Results: Ductal lavage identifies atypical hyperplasia by retrieving epithelial cells shed into the ductal system with a specially designed catheter.....

Conclusions: Ductal lavage is a minimally invasive procedure that facilitates the detection of atypia via retrieval of breast.....

.....
Suggested form of presentation: Oral

Title: Dr Full Name (underline surname): Lisa A. Newman

INSTRUCTION FOR PREPARATION OF ABSTRACTS

- Abstracts should be approximately half page in length (A4 size paper), single spaced and should be between 250-300 words
- Use **ARIAL** font, regular size 12.
- Only the **English** language should be used
- All research submission should be registered in National Medical Research Register www.nmrr.gov.my. For assistance on NMRR registration please contact CRC HSAJB @ 07-2257000 ext 2782.
- The full title should be in bold lower case, no more than two lines.
- The **principal author** should be named first and name of the presenter should be underlined.
- Include affiliation and address of all authors (flush left and italics)
- Whenever appropriate, state objectives of paper, methods used and summary of results in enough details to support conclusions. Do not include references, tables, structural formula or acknowledgement.
- Abstract must be sent as an e-mail attachment to ism2013@johr.moh.gov.my by **14th June 2013**.
- Include full contact details, including name, address, telephone and fax numbers and email address of the Presenter.
- Abstracts submitted before 15 May 2013 will receive feedback/suggestions for improvement on their submission
